Toni Young, Port Hueneme

**Orange County Transportation Authority:** Lou Correa, County of Orange

**Riverside County Transportation Commission:** Robin Lowe, Hemet

**Ventura County Transportation Commission:** Keith Millhouse, Moorpark

## NOTICE OF AVAILABILITY

### Riverside County Transportation Commission TCM Substitution

The Southern California Association of Governments (SCAG) is considering the replacement of a Transportation Control Measure (TCM) in the City of Corona. Replacement of this project would require Regional Council action and an administrative amendment to the Regional Transportation Improvement Program (RTIP). The RTIP is a short-range program that implements the long-range Regional Transportation Plan (RTP) by identifying federal, state and local funding sources and amounts for specific transportation projects.

TCMs and the process for replacing these measures are contained in Appendix IV-C of the Air Quality Management Plan/State Implementation Plan (AQMP/SIP). Appendix IV-C of the 2003 AQMP further outlines the procedures for replacing individual projects such as that proposed by the City of Corona and requested by the Riverside County Transportation Commission (RCTC). Specifically, these procedures include:

- Prior to adopting an individual TCM substitution, the measure must have been subject to interagency consultation, public review and comment period and emissions analysis.
- The replacement measure must be subject to the SCAG Regional Council review and adoption.
- Upon adoption by the Regional Council, the new measure will replace the previous measure and will be incorporated into the RTIP through an administrative amendment.

This notice serves as the formal indication of a review and comment period.

A draft report that includes technical analysis of emissions benefits associated with the proposed TCM substitution and detailed project and cost information is available on SCAG's website <http://www.scag.ca.gov/tcwg/index.htm>. SCAG's Regional Council is scheduled to consider approving TCM substitution on March 2, 2006. Written comments will be accepted until 5:00 PM March 1, 2006.
